ABOUT THE COMPANY

About Us

Geonix has always thrived on providing fully integrated hardware components that are fastest, cost-effective, and durable. We are a young dynamic potent that believes in reframing the technological world by providing core products that deliver unmatched performance.

Be it SSDs, RAM, Keyboard, or mice, we help our clients to realize the true potential of their systems, both laptops, and desktops, by upgrading their hardware systems. Our products offer quality, power, and ergonomic design that can unlock next-level experiences.

We work as a one-stop shop for our clients to provide them with accessories suited according to their needs and requirements. Our mission is to transform the way your system performs. Whether you are an avid gamer or an accountant, we can provide you with the most robust components and accessories.

Our Vision

'Smarter technology for all'

We, at Geonix, strive to grow with the same honesty and integrity that we put in our work. We are working hard to bridge the gap between consumers and effective IT products by making them available to all, at an affordable price. We're committed to achieving business and financial success with a vision to get 100% year-on-year growth for the next 5 consecutive years and enter into India's Top 10 mid-segment IT and consumer electronics brands.

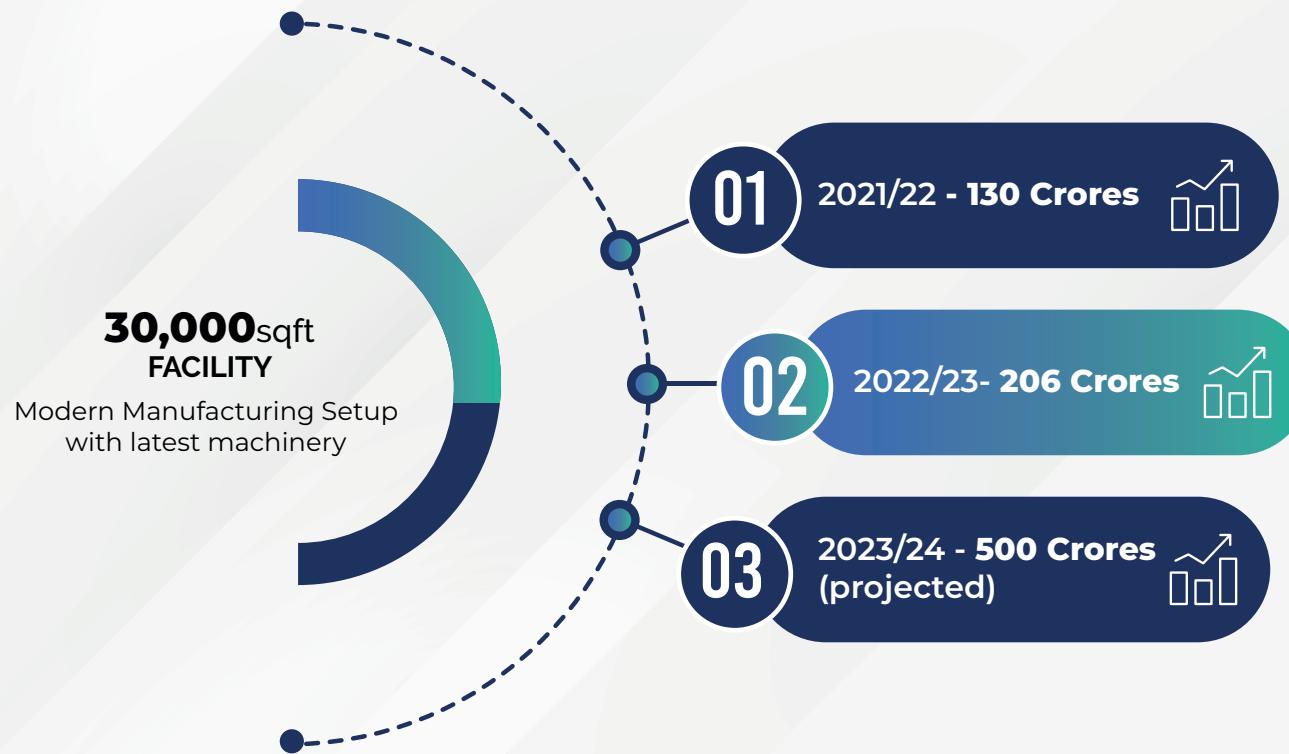

Our Mission

Geonix has always believed in the power that technology holds to reframe and redefine the sphere we reside in. To deliver smarter technological solutions to all, we at Geonix offer best-of-breed IT hardware and electronic products that are committed to fulfilling their every potential. As one of the most trusted company, we ensure the components for laptops and desktops to be readily available in the most cost-effective manner to our customer because "Better products create Best stories"

ABOUT THE COMPANY

Professional Team

Sales Team in 20+ States

300+ Employees

Service Network in 40+ Cities

Gaurav Jain

Director

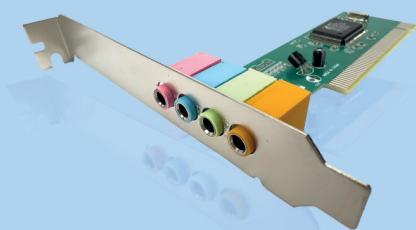

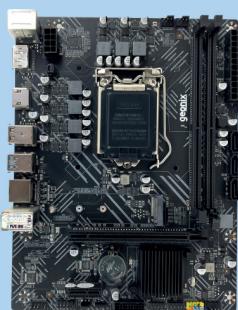

We aspire to go beyond technology and create an environment where we offer products as solutions that not only deliver the best but also support sustainable development. We are working to build a brand that differentiates itself on innovation and design.

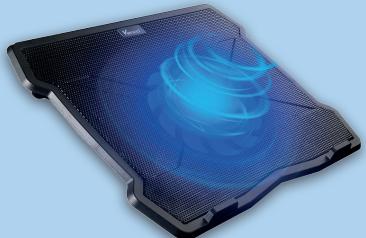

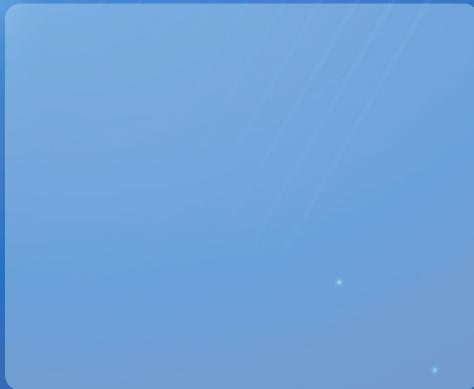

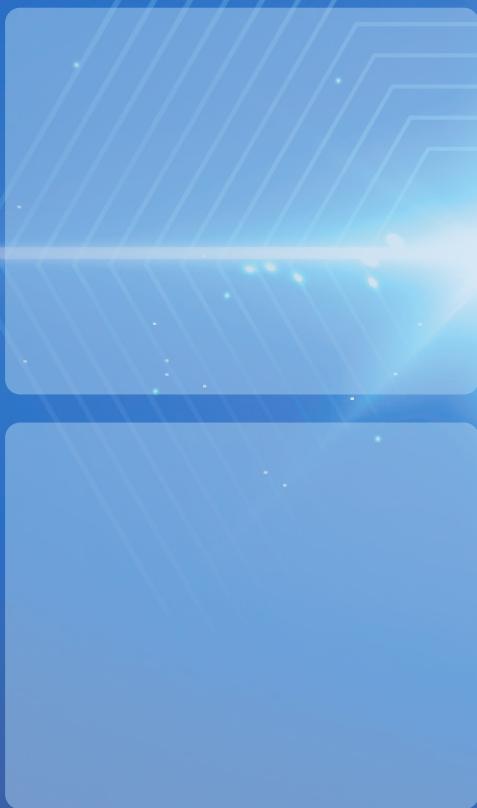

Saurabh Jain

Director

Our integrated approach allows us to never compromise on the quality of our products and solutions. We always ensure that our products are safe, reliable, and innovative and bring the best one can hope for. Being transparent and adapted to Corporate Governance is not an easy one and with strong commitment from our team members, we are committed to perform better in the future. You can count on us.

Supersonic SSD Gold Edition

SSD GOLD EDITION is a very fast and pocket friendly ssd made with good material. This ssd is best in its class and segment. Geonix ssd comes with a massive 5 year warranty." And can use this sleek SSD to build PCs with compact, space-saving designs supports Window XP/Vista/7/8/10;Linux; Mac OS X improve overall system responsiveness 250% faster than a typical hard drive Improves battery life because it's 10x more energy efficient than a typical hard drive.

- Read speed – 550 Mbps
- Write speed – 500 Mbps
- 3X Faster than Hard drive disk (HDD).
- Durable, Light weight, Low power consumption.
- Boost your system.
- Valuable Interface: SATA III, SATA 3.0 (6 Gb/s) Interface
- Equipped with new and best Quality of Flash 3 D NAND with high Stability and longer life and better
- Power Efficiency and work with heavy users and demanding Programs and Helps to high Deliver, Transfer and loading quickly.

Comes with several variants

128 GB | 256 GB | 512 GB | 1TB

Supersonic M 1 SATA SSD

M 1 SATA SSD is a very fast and pocket friendly ssd made with good material. This ssd is best in its class and segment. Geonix ssd comes with a massive 5 year warranty." And can use this sleek SSD to build PCs with compact, space-saving designs supports Window XP/Vista/7/8/10;Linux; Mac OS X improve overall system responsiveness 250% faster than a typical hard drive Improves battery life because it's 10x more energy efficient than a typical hard drive.

- Read speed – 570 Mbps
- Write speed – 500 Mbps
- Durable, Light weight, Low power consumption.
- Boost your system.
- When users buy an M.1 SATA SSD, please check first whether the computer supports the M SATA module specification of the SSD.
- Enhance Performance.
- High Performance.

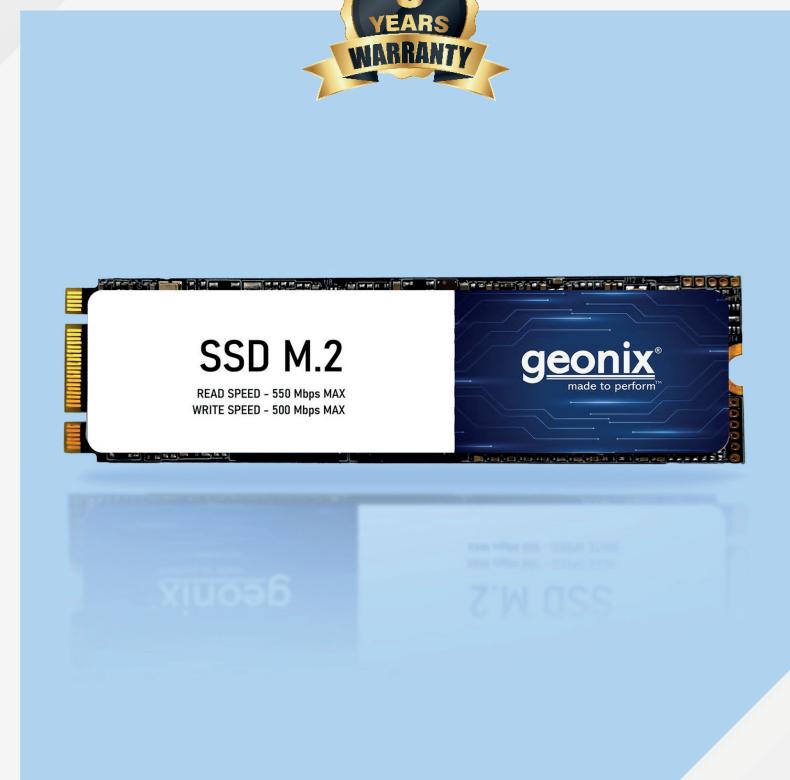

Comes with several variants

128 GB | 256 GB | 512 GB

SSD M.2

Experience the M.2 difference. The M.2 SSD unlocks the SPEED of your computer, delivering shorter load times, Faster data transfers and accelerate gaming SPEED. RESPONSIVE: Upgrade your PC for more efficient downloads, installs and multitasking. High-Speed SSDs usually require high-speed thermal control. To ensure stable performance, the Geonix M.2 SSD uses nickel coating to help manage the controller's heat level and a heat spreader label to deliver effective thermal control of the NAND chip.

- Read speed – 550 Mbps
- Write speed – 500 Mbps
- Form factor: M.2
- Durable, Light weight, Low power consumption.
- Boost your system.
- When users buy an M.2 SSD, please check first whether the computer supports the M.2 module specification of the SSD.
- Enhance Performance.
- Enhance reliability and durability than a hard disk drive
- High Performance.

Comes with several variants

128 GB | 256 GB | 512 GB | 1TB

SSD M.2 2280 BREAKABLE

GEONIX Offering up to 256GB capacity in a slim form factor which is breakable, the M.2 internal solid state drive is a powerful storage solution. It ensures fast and reliable performance. You can use this sleek SSD to build PCs with compact, space-saving designs. Supports Windows XP/Vista/7/8/10; Linux; Mac OS X improves overall system responsiveness 300% faster than a typical hard drive. Improves battery life because it's 45x more energy efficient than a typical hard drive.

- Read speed – 550 Mbps
- Write speed – 500 Mbps
- Special feature – Breakable.
- Form factor: M.2
- Durable, Light weight, Low power consumption.
- Boost your system.
- Enhance Performance.
- Enhance reliability and durability than a hard disk drive
- High Performance.
- When users buy an M.2 SSD, please check first whether the computer supports the M.2 module specification of the SSD.

Comes with several variants

128 GB | 256 GB | 512 GB

M.2 NVMe SSD

NVMe technology provides superior storage, superior speed and superior compatibility. Since NVMe utilises PCIe sockets, it transfers 25x more data than the SATA equivalent. Along with more data, NVMe's commands are 2x faster than that of AHCI drivers. NVMe also communicates directly with the system CPU, giving it incredible speeds due to its compatibility. NVMe was designed for SSDs and communicates between the storage interface and the system's CPU using high-speed PCIe sockets without the limitations of form factor.

- Read speed – Up to 2400 Mbps
- Write speed – Up to 2000 Mbps
- Durable, Light weight, Low power consumption.
- Form factor: M.2
- Interface: PCIe NVMe
- Better performance in gaming and Editing tools.
- When users buy an M.2 NVMe SSD, please check first whether the computer supports the M.2 module specification of the SSD.
- Used to upgrade your garage potential, perfect for tech lovers, high-stop game enthusiasts

Comes with several variants

128 GB | 256 GB | 512 GB | 1TB

Desktop Hard Drive (HDD)

A Geonix hard disk drive (HDD) or better known simply as a hard drive is a storage device in your computer that keeps different types of virtual data files and software applications. Through the hard drives, your motherboard is secured to be connected to your computer via power cables.

- Read speed – 250 Mbps
- Write speed – 180 Mbps
- 7200 RPM
- SATA 6Gb/s
- Interface – 3.5
- Large capacity for storing data.
- Persistent storage.
- Storage for your Everyday Computing Needs
- GEONIX products are tested on different system configurations and a multitude of platforms in our Lab; So you can be confident that our hard drives are compatible and will work within your PCs.

Comes with several variants

**320 GB | 500 GB | 1 TB | 2TB
3 TB | 4 TB | 6 TB | 8TB | 10TB**

Laptop Hard Drive (HDD)

A Geonix hard disk drive (HDD) or better known simply as a hard drive is a storage device in your computer that keeps different types of virtual data files and software applications. Through the hard drives, your motherboard is secured to be connected to your computer via power cables.

- Read speed – 250 Mbps
- Write speed – 180 Mbps
- Interface – 2.5
- Large capacity for storing data.
- Persistent storage.
- Storage for your Everyday Computing Needs
- GEONIX products are tested on different system configurations and a multitude of platforms in our Lab; So you can be confident that our hard drives are compatible and will work within your PCs.

Comes with several variants

320 GB | 500 GB | 1TB

Desktop Ram

A Geonix desktop RAM is like your computer's short-term memory. It helps your PC run smoothly by storing data for active tasks. The more RAM you have, the faster your computer can handle multiple programs at once. Upgrading RAM can boost performance and make multitasking a breeze.

- Compatibility: desktop
- Highly fast processing speed
- Improve GUI performance
- RAM is 100 % tested
- Optimized for next generation processors and platforms.

Comes with several variants

2GB DDR2
800 MHz

2GB DDR3
1333 MHz

4GB DDR3
1333 MHz

4GB DDR3
1600 MHz

4GB DDR4
2400T MHz

8GB DDR3
1600 MHz

8GB DDR4
2666 MHz - 8IC

8GB DDR4
2666 MHz - 16IC

Laptop Ram

A Geonix laptop RAM helps your laptop handle multiple tasks at once, like browsing, editing, and gaming, without slowing down. More RAM means more space for your laptop to work with, resulting in faster and smoother performance.

- Compatibility: Laptop
- Highly fast processing speed
- Improve GUI performance
- RAM is 100 % tested
- Optimized for next generation processors and platforms.

Comes with several variants

2GB DDR2
800 MHz

2GB DDR3L
1600 MHz

4GB DDR3
1333 MHz

4GB DDR3L
1600 MHz

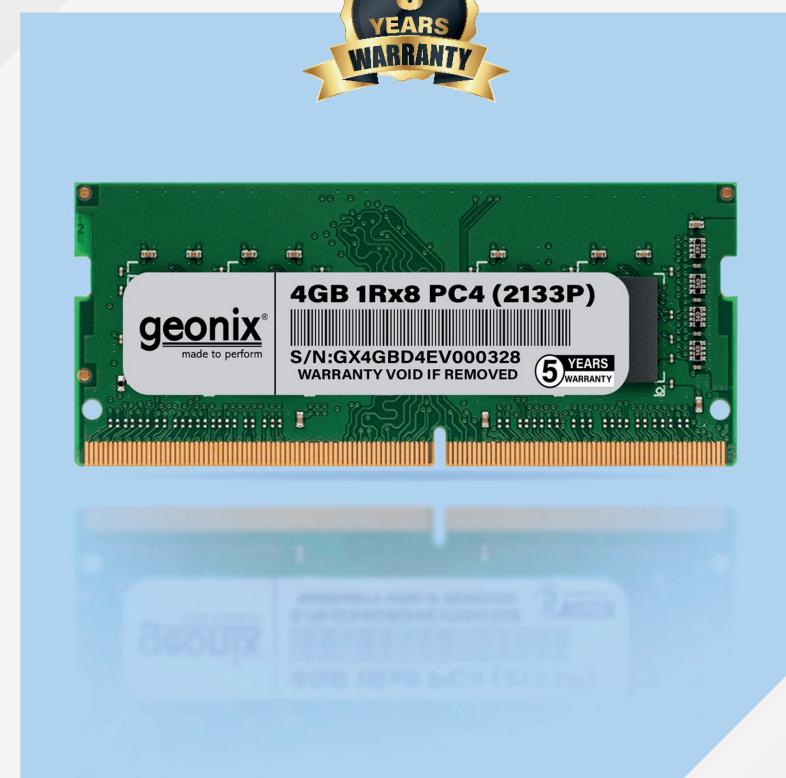

4GB DDR4
2133P MHz

Riser Card PCI-E 1X TO 16X

- PCI-E 1X to 16X VER 012 MAX version riser card with LED Light & Temperature Probe& USB 3.0 Cable, power supply adapter card with multi-layer shielded cable does not weaken the signal.
- The most capacitors PCI-E card on market and make the graphics card power supply more stable and safer. Gold-plated contact ensures perfect connectivity and extend service life.
- With Unique color RGB LED lights, you can use the indicator to tell whether the power adapter is working or not. Double to protect your GPU and investment.
- Plug and Play, no driver installation required. PCI-E card can be inserted into every PCI-E slot: 1x, 4x, 8x, 16x, the slot with a fastening buckle, the graphics card does not fall out of the slot.
- More Efficient Mining-It will provide safe and reliable connections with more PCI-E X16 graphics cards.

WiFi Mini USB Adapter

- Wi-Fi connectivity up to 150 Mbps on 2.4 GHz bands.
- Easy to use.
- Advanced Security - Supports 64/128 WEP, WPA, PA2/WPA-PSK/WPA2-PSK(TKIP/AES).
- Compatibility - Windows – XP / 7 / 8 / 10 / 10 Pro / 11 / Mac OS X / Linux.
- USB Wi-Fi Adapter - Speedy wireless transmission at up to 150Mbps ideal for video streaming or internet calls
- Mini Design - Sleek miniature design so small that once plugged in, can be left in a Laptop's USB port
- Turn a wired internet connection to a PC or Laptop into a Wi-Fi hotspot.
- With its miniature size and sleek design, users can connect the Nano adapter to any USB port and leave it there. There's no need to worry about blocking adjacent USB interfaces or that the adapter may fall out when moving a connected laptop from place A to B, with the tiny device flush against the USB port.

500-Watt SMPS

- 500-watt computer power supply
- Multiple Protection: OCP, SCP, OVP and OPP
- 3.3V magnetic design
- AC Input Frequency: 50-60Hz
- DC Connectors: 20+4 pin for motherboard, 4+4 pin, molex, 4 pins for FDD and SATA connector
- Larger 12cm Fan for efficient cooling Supports the latest ATX 12V Intel & AMD Platforms Smart Fan Control makes it super silent
- All – Round Protection: OVP (Over Voltage Protection) UVP (Under Voltage Protection) OPP (Over Power Protection) SCP (Short Circuit Protection)
- Support SATA Peripherals Input Voltage Range: 170- 270V Input
- Frequency: 50 -60 Hz

Laser Printer Toner Cartridge

- Easy to install.
- Ink color – Black
- Printing technology – Laser
- Printer output type – Monochrome
- Print sharp text- We focus on strict quality checks and use A grade material which results in reliable and consistent print outputs.
- Excellent choice for school, bank, office, hospital and even at your home.
- Easy to install and Use: Each cartridge is passed through strict quality checks for durability and compatibility. Eco-friendly and smudge free output: Disperses advanced quality ink and delivers dark & smudge free graphics and text.

Comes with several variants

12-A | 78-A | 101-A | 337-A | 388A | 925 | 2365

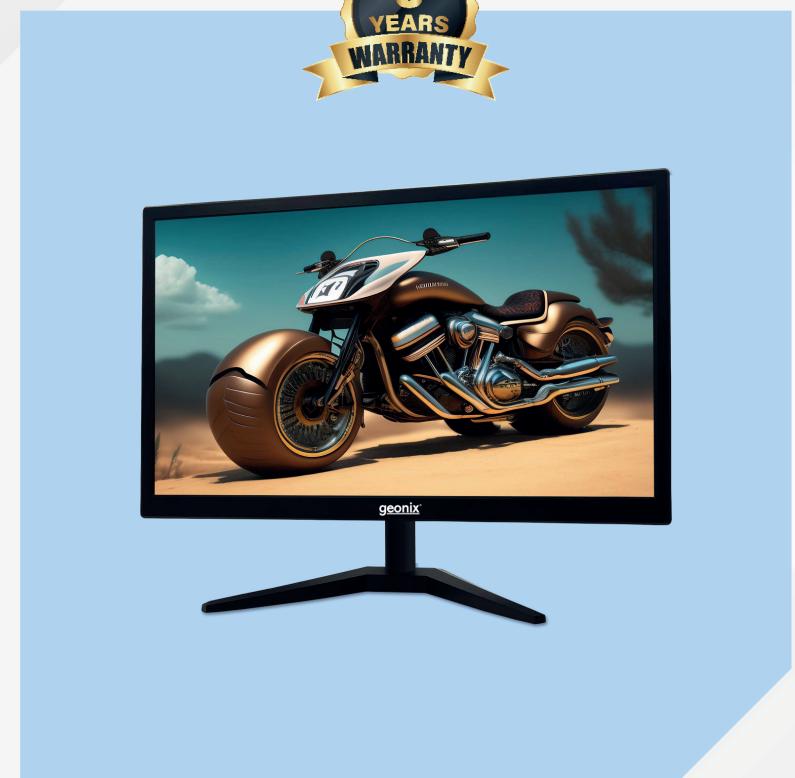

PC Monitor

Eliminate eye strain in any ambient light with Brightness Intelligence Technology with monitor ambient light in your viewing environment and actively adjust screen brightness for the most comfortable viewing experience possible.

The monitor is the window to your PC's soul. Without the right display, everything you do on your system will seem lackluster, whether gaming, viewing/editing photos and video or just reading text on your favorite websites.

Anti-Glare & Anti Blue Light: This anti blue light screen protector coming with Blue light filter, Anti Glare, Radiation Protection, Anti-static, effectively reduce the visual interference caused by strong light from the screen while in a high light conditions.

- Glossy Panel
- Response Time- 5ms.
- Brightness – 250cd/m²(max).
- Ergonomic Tilt
- Display mode- VGA, SVGA, SXGA, WXGA, FHD.
- Accessory – Power cord, HDMI cable, Quick installation guide.

Comes with several variants

24" | 22" | 22" IPS | 19.5" | 18.5" | 17"

Motherboard

GX-H510 D4

- CPU - LGA 1200.
- Chipset - Intel H510.
- RAM – DDR4.
- RAM up to 64GB.
- Supports M.2, NVMe

GX-H110 D4

- CPU - LGA 1151.
- Chipset - Intel H110.
- RAM – DDR4.
- RAM up to 16GB.
- Supports M.2, NVMe

GX-G41 D3

- CPU - LGA 1151.
- Chipset - Intel 82G41 +82801GB
- RAM – DDR3.
- RAM up to 8GB.

GX-H310 D4

- CPU - LGA 1151
- Chipset - Intel H310.
- RAM – DDR4.
- RAM up to 32GB.
- Supports M.2, NVMe

GXH81 D3

- CPU - LGA 1155
- Chipset - Intel H81/B85.
- RAM – DDR3.
- RAM up to 16GB.
- USB 3.0

GX-H55 D3

- CPU - LGA 1156.
- Chipset - Intel H55.
- RAM – DDR3.
- RAM up to 16GB.
- Supports M.2 SATA

GX-H61 D3

- CPU - LGA 1155.
- Chipset - Intel H61.
- RAM – DDR3.
- RAM up to 16GB.
- Supports M.2

GX-G41 D2

- CPU - LGA 775.
- Chipset - Intel G41
- RAM – DDR2.
- RAM up to 4GB.

Graphics Card

Those who use their PCs for complex tasks like 3D rendering, game development, and video editing also benefit from faster GPUs. High-end applications like AutoCAD and Adobe Premiere Pro can make use of GPUs to speed up processing, and make for faster and more efficient workflows.

Its super compact design which can fit in 99% of systems, get ready to get fast and strong Creativity. upgrading your PCs from geonix graphics card and significant FPS boost.

GT 730LP

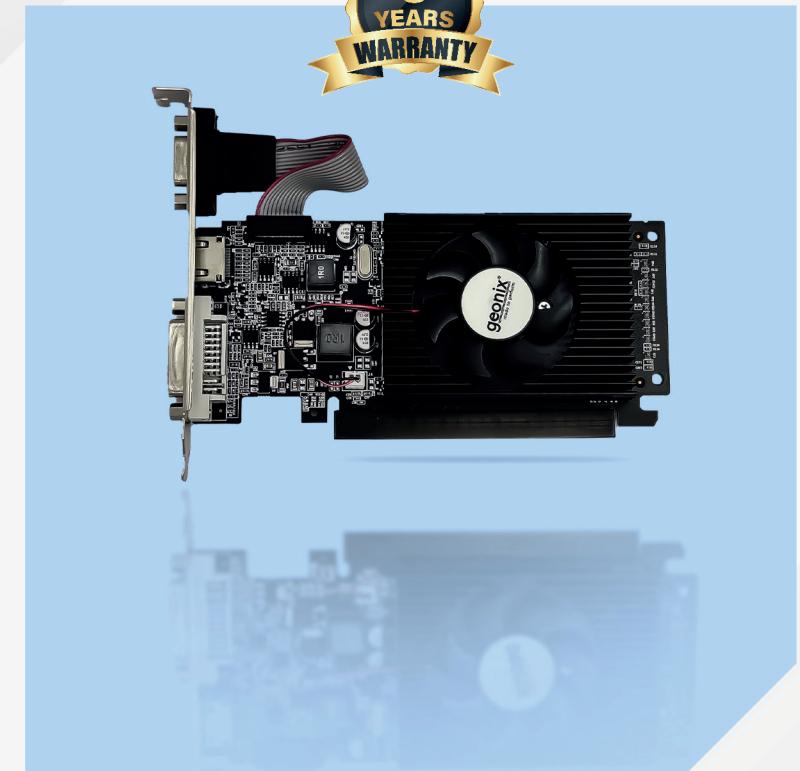

- 4GB DDR3
- NVIDIA GeForce GT730LP
- GPU - GF108
- CUDA - 96 SP
- Frequency - 700 MHz
- Memory Bus - 1333 MHz
- Output - DVI, HDMI, VGA

GT 610LP

- 2GB DDR3
- NVIDIA GeForce GT610LP
- GPU - GF119-300
- CUDA - 48 SP
- Frequency - 810 MHz
- Memory Bus - 1000 MHz
- Output - DVI, HDMI, VGA

GT 210LP

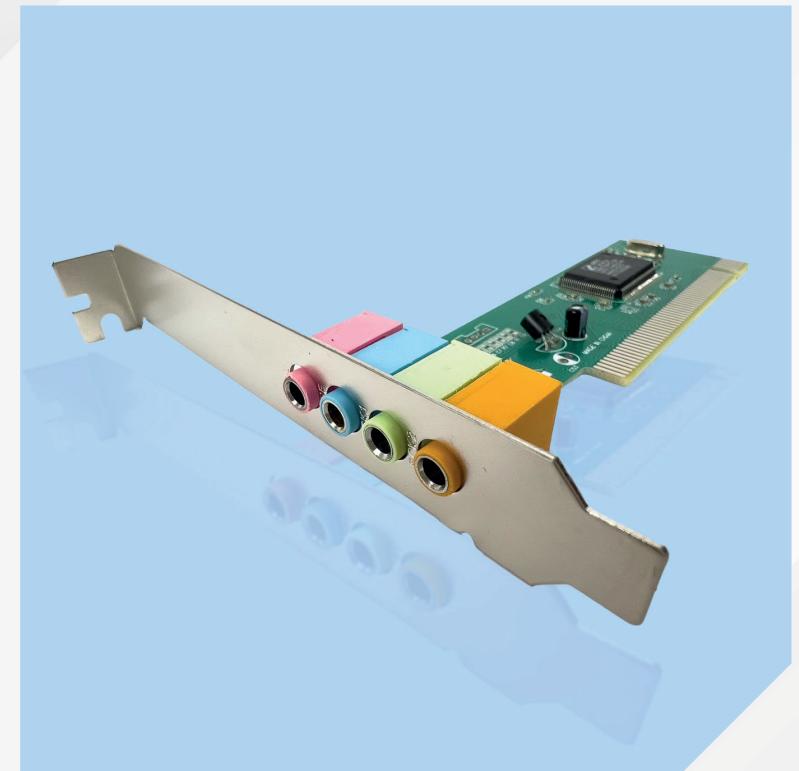

- 1GB DDR3
- NVIDIA GeForce GT210LP
- GT218-200
- CUDA - 8 SP
- Frequency - 589 MHz
- Memory Bus - 1000 MHz
- Output - DVI, HDMI, VGA

PCIe Card

Geonix PCIe cards are nifty devices that supercharge your computer. They plug into a slot on your motherboard and offer various upgrades, like faster graphics for gaming, speedy SSDs for storage, or improved network connectivity. Just slide it in, and voilà! Your computer gets a power-up! Easy to use and perfect for enhancing performance. Given the wide range of options in the market, selecting the top PCIe card is crucial for your computer.

PCI Serial Card	PCI Sound Card	PCIe USB 3.0, 4 Port Card	PCIe USB 3.0, 2 Port Card
PCIe Parallel Card	PCIe Parallel Serial Card	PCI SATA Card	PCIe Sound Card
PCIe Fire Wire Card	PCIe USB 2.0, 5 Port Card		

External SSD Enclosure

External SSD enclosures are cool devices that increase the performance of your portable storage! Imagine a sleek, little box that improves data storage and transfer by including a quick Solid-State Drive (SSD). Simply place your SSD inside the enclosure, affix a USB cable to it, and you're good to go! You have access to a swift storage option. These enclosures are your dependable data companions, whether you're backing up files, playing mobile games, or quickly executing programs. Easily improve your storage capabilities with external SSD enclosures!

Comes with several variants

- External NGFF M.2 SSD Enclosure
- External SATA SSD Enclosure
- External NGFF NVME SSD Enclosure

Keyboard Mouse Combo

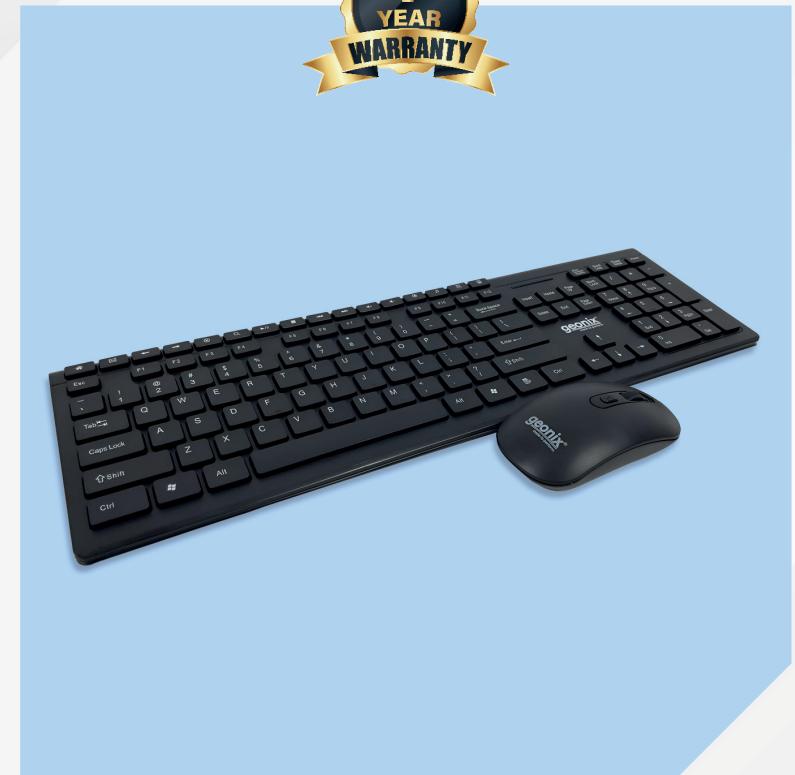

Introducing our Geonix reliable keyboard and mouse combo, designed to elevate your computing experience with exceptional precision and durability. This high-performance set combines functionality with a sleek and ergonomic design, making it the perfect companion for both work and play. Enjoy a seamless and responsive connection with our reliable connection.

WIRED COMBO

- GXBK-01 GXBM-01
- 1200 DPI
- Plug-and-Play USB
- Whisper-Quiet Keys
- Full-Size Keyboard
- Enhanced Precision

WIRELESS COMBO

- GXWBK-01 GXWBM-01
- 1600 DPI
- Plug-and-Play USB
- Auto-sleep feature
- 2.4GHz wireless
- Whisper-Quiet Keys

Laptop Cooler

Geonix laptop coolers are designed to prevent your laptop from overheating. These portable, lightweight devices work like a cooling pad. They have fans that blow air directly onto your laptop's base, dissipating the heat and ensuring smoother performance. By maintaining a cooler temperature, they help extend your laptop's lifespan and prevent potential damage caused by excessive heat. Investing in a Geonix laptop cooler is a smart move to keep your device running smoothly and efficiently.

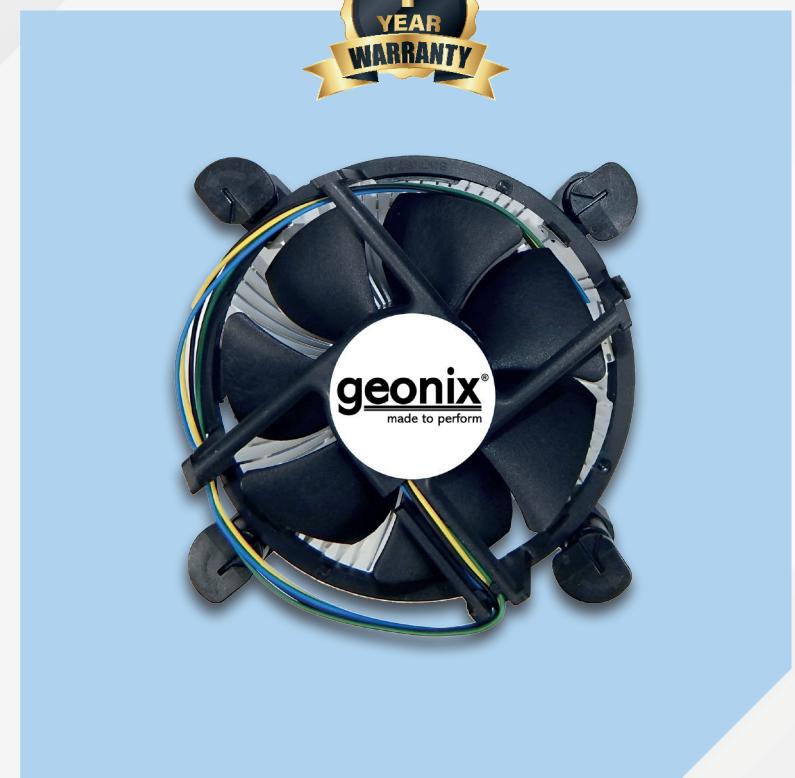

- Light Weight
- Silent Operation
- Ergonomic Design
- High Air Flow
- Dual USB Port
- LED Light

CPU Fan

A Geonix CPU fan is like the cooling hero of your computer. It's a small device on top of the CPU. Its main job is to keep the CPU from overheating during intense tasks, like gaming or video editing. The fan spins fast and moves cool air around the CPU, dissipating the heat it generates. This prevents damage and ensures your computer runs smoothly. Without a CPU fan, your computer would get seriously overheated, leading to slowdowns, crashes, and even permanent damage. It's crucial to ensure cleaning and maintenance can keep it running smoothly.

- Easy to Install
- Light Weight
- Air Flow 36 cfm
- Smooth Rotary Lock
- Alluminium Head Shine
- Plug & Run
- Wire Safety Available

A thin client is like a lightweight computer that relies on a central server to do most of the heavy lifting. It's designed to be simple and efficient, making it ideal for everyday tasks. Instead of storing data and running programs on the thin client itself, it sends requests to the server, which processes everything and sends back the results. It's like a helpful assistant; it does the heavy lifting, and the thin client just displays the outcomes. This setup allows for cost-effective, energy-efficient, and secure computing, making it ideal for workplaces and organizations needing multiple computers.

- VGA Port
- 4 USB Ports
- 512 MB RAM
- Power Off Protection
- 64 MB Flash Storage
- Server Cluster
- 10/100M Adaptive RJ45 Interface
- 3.5mm MIC Input
- 3.5mm Audio output
- 0 dB Noise
- Cooling Heatsink

CCTV Cable

A CCTV cable, also known as a security camera cable, is an essential component in setting up a surveillance system. It's like a lifeline that connects your CCTV camera to the recording device or monitor. The cable carries both video signals and power supply to ensure your camera works effectively. There are two main types of CCTV cables: coaxial and twisted pair. Coaxial cables are great for short distances, while twisted pair cables are more suitable for longer runs.

When choosing a CCTV cable, consider the distance you need to cover and the type of camera you have. Properly selecting and installing the right CCTV cable ensures reliable and clear video transmission for your security needs.

- Compatible for analog CCTV
- Better Interference
- High Performance
- Shielded Cable
- Complete Reliability
- High Quality Copper Wire
- Aluminium Alloy Branding

Comes with several variants

90 Yards | 180 Yards

Laptop Adaptor

At its core, the Geonix Laptop Adaptor is designed to provide a seamless and rapid power delivery experience. With its intelligent charging technology, it adapts to the power requirements of your laptop, ensuring that your device receives precisely what it needs for optimum performance. With an impressive power output, this adaptor not only charges your laptop but also supports other USB devices simultaneously. Its sleek matte finish and minimalist design complement laptop's aesthetics. No more sluggish charging times or frustrating interruptions – just a continuous flow of energy that keeps you in the flow of creativity and productivity.

- Input: AC 100-240V, 50/60Hz
- Output: DC 19V, 4.74A
- Power Output: 90W
- Connector Type: Various interchangeable connectors included\
- Compatibility: Compatible with most laptop models, including popular brands like HP, Dell, Lenovo, ASUS, Acer, and more

Comes with several variants

USB Pendrive

The Geonix USB Pendrive is designed to simplify your digital life. With its plug-and-play functionality, transferring files between devices becomes an effortless endeavor. From compact 32GB options to spacious 256GB powerhouses, you can choose the size that aligns perfectly with your requirements. Whether it's photos, documents, videos, or presentations, this pendrive empowers you to carry your data wherever you go, ensuring that your work and memories are always at your fingertips. Never compromise on data again – the Geonix USB Pendrive has you covered.

- Ample Storage Capacity
- blazing-fast data transfer speeds
- Works seamlessly with laptops, desktops, and compatible mobile devices.
- Sturdy casing and top-notch components

Comes with several variants

8GB | 16GB | 32GB | 64GB | 128GB

Geonix International PVT Ltd

MADE TO PERFORM

Bring back the joy of using desktop computers equipped with world-class accessories. We help you get the most out of your computer without compromising on quality and durability.

Thank You.
